Sample: **A** B C

Your Name: Alex Zhou

Date: 2016/12/4

Criterion	Mark	Out of	Justification
A (Planning)	4	6	There is not enough communication between you and your client. Your client needs to interact with you more
B (Solution overviews)	6	6	The assignment progressed well according to the table. The tests seem comprehensive, well-covered and perfect.
C (Development)	11	12	Your knowledge of computer science is used very well and coherently. But, the code can still be a little bit more complicated to manifest your ability and skills.
D (Functionality and extensibility of product)	3	4	The video is clear and coherent, but it could be produced better.
